MSP® Foundation

Why use Tanner James for your Public MSP Foundation Training?

Because Tanner James offers a MSP Foundation Course that is focused on practical application in the workplace and flexibility.

Implementation Support and practical application in the workplace

We don't want you to just leave with a MSP Foundation qualification; we want to give you understanding and knowledge about practical application of MSP in your workplace.

This is why our MSP Foundation course includes a Workplace Implementation Pack. It is focused on helping you implement your training when you get back to the workplace. The Workplace Implementation Pack consists of:

- **A free half-day Implementation Workshop** (post-course) to help answer your specific questions about implementation in the workplace.
- **Free telephone support** from your trainer for up to one hour in the month following the course.
- **A free implementation checklist** so that you are well placed to hit the ground running when you get back to work.

The total **value of this pack is over $525**, however we package this in your course price at no extra cost!

Flexible Exams and Course Attendance

We offer "Flexible Exams" as standard on our MSP Foundation courses. This means, you can decide to schedule your exam at a time you feel prepared. We want you to concentrate on learning and not focusing your time around making sure you pass the exam.

You don't have to attend MSP Foundation and Practitioner courses in a single week. You can book them for separate months and still enjoy our package discount.

You receive over $2,900 of training value

For only **$2,450**
GST Incl.

About MSP

Managing Successful Programmes (MSP) is a globally recognised, flexible programme management framework that can be used for a wide range of investments in change. It provides a way to achieve positive outcomes and realise tangible benefits aligned to strategic objectives. MSP ensures the reasons for change and the programme vision are effectively communicated and understood by all stakeholders.

About the Course

This hands-on three day course will provide you with a solid model for setting up and successfully managing a benefits driven strategic change programme within your organisation. Case study sessions are used throughout this course to focus on the practical application of the method and reinforce learning. The course will also prepare you to sit your MSP Foundation Exam.

Who Should Attend?

This course is designed for those wanting to gain a solid understanding of programme management and how it might be applied within their business. Business managers, business representatives, business change managers, programme managers, project managers and others who may be involved in a change programme or need to understand the principles of programme management and how to apply them should attend this course.

Course Prerequisites

There are no specific prerequisites for this course. However, if you have a clear idea of their business strategies and the outcomes and benefits that they seek to deliver, you are likely to gain more from the discussions and case studies.

Course Objectives

- Understand programme management as a vehicle for managing business change
- Understand the MSP principles and practices in detail
- Understand how to establish a programme vision and Target Operating Model
- Understand how to establish a benefits realisation plan linked to a delivery plan
- Understand how to establish programme governance structures
- Understand how to establish and run projects as part of a programme

Exercise sessions

Case studies and discussions are used throughout the course to reinforce the learning process. This provides a practical way to look at how MSP can be used in the workplace.

Exam

The course fee includes an opportunity to sit the MSP Foundation Exam. The exam may be sat online and can be scheduled at a time where you feel best prepared. This allows you to focus your attention on learning without having the pressure of having to sit the exam.

Exam format:

- Multiple choice
- 60 questions per paper with 1 mark available per question
- 36 marks required to pass (out of 60 available) - 60%
- 60 minutes duration
- Closed book.
