

Course Overview

PRINCE2® is a world recognised process based project management method that is easily tailored and scalable for the management of all types of projects within your organisation.

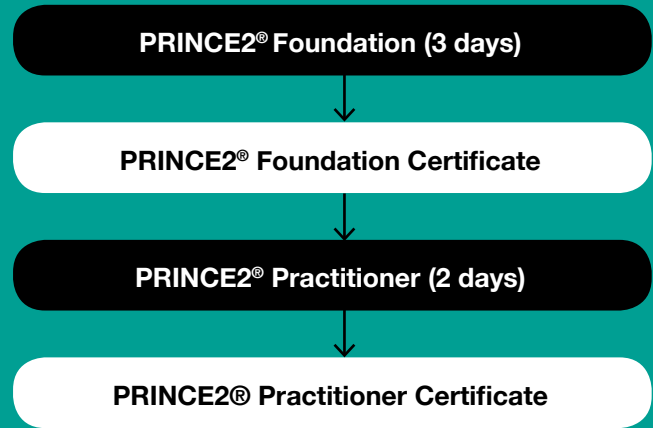

PRINCE2® is rapidly becoming the de facto project management method within Australia being widely used across government and commercial sectors alike.

The PRINCE2® Practitioner is an intensive 2-day course combining revision sessions and PRINCE2® Practitioner exam practice sessions.

The course is designed to effectively prepare you to sit and pass the PRINCE2® Practitioner Exam which will be taken on the afternoon of the second day. This 2.5 hour objective testing format will lead to the award of the PRINCE2® Practitioner Certificate and PRINCE2® Registered Practitioner status.

This course is offered publically or can be delivered in-house within your organisation, with flexible timetables which can be varied to suit your availability.

Who Should Attend?

The 2-day PRINCE2® Practitioner course is designed for project management professionals who have already taken and passed their PRINCE2® Foundation Exam; and need to apply the method in-practice and who require the internationally recognised PRINCE2® registered practitioner status. It is also mandatory for anyone wishing to become a PRINCE2® Registered Consultant.

Course Prerequisites

You must have passed the PRINCE2® Foundation Exam before attending the PRINCE® Practitioner Course. Ideally you should have attended a Tanner James PRINCE2® Foundation course or completed a PRINCE2® Foundation E-Learning course.

Whilst no pre-course reading is provided delegates should review their Foundation course notes and/or ensure they have completed the E-Learning course prior to attendance. A trial exam is used on this course and another is provided for self revision and reference.

Course Instructor

The Practitioner courses will be delivered by accredited PRINCE2® trainers. All Tanner James PRINCE2® trainers are consultants with many years of project management experience and who apply PRINCE2® on a daily basis for Tanner James clients. This enables our trainers to draw upon relevant examples and experiences to reinforce the theory of the method.

Access and Equity

As a Registered Training Organisation (RTO), Tanner James strives to provide the optimum access and equity for candidates to its training services. To this end, it is important that clients notify Tanner James as early as possible when a participant may need to take advantage of these provisions.

PRINCE2® E-Learning

Tanner James also offers a self-paced PRINCE2® Practitioner E-Learning course, which is fully accredited by the APMG.

The course consists of interactive multimedia using voice-over and animation in an easy to use and convenient format that can be accessed on-line or via a CD. It also offers a cost effective, yet most effective, training solution for regional areas.
