PRINCE2® Agile Package
(Foundation and Practitioner)

Why use Tanner James for your PRINCE2 Agile Foundation and Practitioner Training?

Because Tanner James offers a PRINCE2 Agile Package that is flexible and provides post-course support that is focused on practical application in the workplace.

Implementation Support and practical application in the workplace

We don't want you to just leave with PRINCE2 Agile qualifications; we want to give you understanding and knowledge about practical application of PRINCE2 Agile in your workplace.

This is why our PRINCE2 Agile Package includes a Workplace Implementation Pack. It is focused on helping you implement your training when you get back to the workplace. The Workplace Implementation Pack consists of:

A free half-day Implementation Workshop (post-course) to help answer your specific questions about implementation in the workplace.

Free telephone support from your trainer for up to one hour in the month following the course.

A free implementation checklist so that you are well placed to hit the ground running when you get back to work.

The total **value of this pack is $525**, however we package this in your course price at no extra cost!

Flexible Exams and Course Attendance

We offer "Flexible Exams" as standard on our PRINCE2 Agile Packages. This means, you can decide to schedule your exam at a time you feel prepared. We want you to concentrate on learning and not focusing your time around making sure you pass the exams.

You don't have to attend PRINCE2 Agile Foundation and Practitioner courses in a single week. You can book them for separate months and still enjoy our package discount.

You receive over $4,500 of training value

For only $3,990
GST Incl.

About PRINCE2 Agile

PRINCE2 Agile is built upon the clearly defined framework of PRINCE2® and combining the flexibility and responsiveness of Agile. PRINCE2 Agile covers a wide range of existing Agile concepts including SCRUM, Kanban & Lean Start-up.

The best-practice guidance shows how organizations can harness the compatibility between PRINCE2 and Agile, equipping them with the required knowledge, skills and processes to successfully deliver projects to meet customer requirements in today's fast-paced and rapidly-changing business environments.

About the Courses

Foundation Course

This 3-day course will provide you with a sound understanding of the key concepts relating to PRINCE2 and PRINCE2 Agile. It will prepare you to be able to work effectively with, or as a member of, a project management team within an environment supporting PRINCE2. It will also prepare you to sit your PRINCE2 Agile Foundation Exam.

Practitioner Course

This 2-day course for those who would like to extend their knowledge of PRINCE2 Agile by learning how to practically apply the PRINCE2 Agile method to real-life scenarios. The course will also prepare you to sit your PRINCE2 Agile Practitioner Exam.

Tanner James ... Simple, practical programme and project management maturity

PRINCE2® Agile Package (Foundation and Practitioner)

Course Prerequisites

There are no specific prerequisites for this course. However, if you have a clear idea of the outcomes and benefits to be delivered from projects that you are involved in, you are likely to gain more from the discussions and exercises.

Foundation Course Objectives

- Understand the key concepts relating to PRINCE2

- Understand the key concepts relating to projects and PRINCE2 Agile.

- Understand how PRINCE2 principles, themes, processes and management products are tailored and/or applied in an agile context.

- Understand the agile ways of working, key terms and techniques.

- Understand the focus areas in an agile context.

Practitioner Course Objectives

- Understand the basic concepts of common Agile ways of working

- Understand the purpose and context for combining PRINCE2 and the agile way of working

- Be able to apply and evaluate the focus areas to a project in an Agile context

- Be able to fix and flex the six aspects of a project in an agile context

- Be able to apply the PRINCE2 principles and tailor the themes, processes and management products to a project in an agile context.

Workplace Implementation Support

Included as part of your registration, you will receive a free Workplace Implementation Pack. The pack is designed to help you to apply what you've learnt during training when you get back to work. The pack includes; a free half day implementation workshop, telephone support and an implementation checklist.

Exams

The package fee includes an opportunity to sit the PRINCE2 Agile Foundation Exam and the PRINCE2 Agile Practitioner Exam. The exam may be sat online and can be scheduled at a time where you feel best prepared. This allows you to focus your attention on learning without having the pressure of having to sit the exam.

Please note that you must have passed the Foundation exam before being able to sit the Practitioner exam.
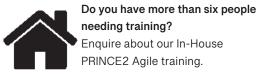

Access and Equity

As a Registered Training Organisation (RTO), Tanner James strives to provide the optimum access and equity for candidates to its training services. To this end, it is important that clients notify Tanner James as early as possible when a participant may need to take advantage of these provisions.
