

## Why use Tanner James for your Public Training?

Because we offer the best value to help your department or agency achieve simple, practical programme and project management maturity.

### Are you tired of dedicating your time and money to training and then find it's hard to apply it when you get back to work?

#### Our Public Training includes Workplace Implementation Support

We don't want you to just leave with a qualification, we want to give you understanding and knowledge about practical application of the methods in your workplace. This is why our MSP® and PRINCE2® public training courses include a Workplace Implementation Pack. It's valued at hundreds of dollars and is focused on helping you implement your training when you get back to the workplace. The Workplace Implementation Pack consists of:

A free half-day Implementation Workshop (post-course) to help answer your specific questions about implementation in the workplace.

Free telephone support from your trainer for up to one hour in the month following the course.

A free implementation checklist so that you are well placed to hit the ground running when you get back to work.

### Does the thought of exams freak you out? Do you find it hard to be out of the office for a full week?

#### Our Public Training includes Flexible Exams and Course Attendance

We offer "Flexible Exams" as standard on all of our training courses. This means, if you decide at any time (before your course or during) that you don't feel ready to take your exam, you can postpone it to one of our dedicated monthly exam days at no additional cost. We want you to concentrate on learning and not focusing your time around making sure you pass the exam.

You don't have to attend Foundation and Practitioner courses in a single week. You can book them for separate months and still enjoy our package discount.

We are proud of the quality of the services we deliver but don't just take our word for it, have a look at what our clients say about us at:

# Why use Tanner James for your Public Training?

## Have you had trainers in the past who have a shallow knowledge base or who teach “from the text”?

### Our trainers are highly experienced in assisting Government departments and agencies

At Tanner James, you get the best and most experienced trainers of AXELOS programme and project management approaches in Australia. Tanner James introduced PRINCE2 and MSP to Australia and remains the most experienced providers of training and consulting in AXELOS project and programme management frameworks.

We have operated in Canberra since 1994. All of our trainers have strong experience of implementing the programme and project management frameworks they teach. They are all consultants who actively work with major Government departments and agencies helping them deliver successful initiatives.

## Our Public Training is the best value for your money

Some other providers may have a higher price than ours, some may have a lower price than ours – but none can equal the value we offer.

- ✓ Ongoing support after your training is finished.
- ✓ Flexible exams – sit when you're ready.
- ✓ Flexible attendance for 5-day courses.
- ✓ Experienced trainers who also consult.

We go well beyond what other training providers offer to give you the ability to apply your new skills practically within your department or agency. What could be more valuable than that?
