Why use Tanner James for your In-House MSP Practitioner Training?

Because Tanner James offers a MSP Practitioner Course that is flexible and provides post-course support for practical application in the workplace.

Implementation Support and practical application in the workplace

We don't want you to just leave with a MSP Practitioner qualification; we want to help you be able to apply MSP in your workplace.

This is why our MSP Practitioner course includes a Workplace Implementation Pack. It is focused on helping you implement MSP when you get back to the workplace. The Workplace Implementation Pack consists of:

Free telephone support from your trainer for up to one hour in the month following the course.

A free implementation checklist so that you are well placed to hit the ground running when you get back to work.

The total **value of this pack is over $2,300**, however we package this in your course price at no extra cost!

Flexible Exams and Course Attendance

We want to ensure attendees are focused on learning about practical application in the workplace rather than passing an exam. This is why we work with you to find an exam delivery plan to suit your needs - at no extra charge.

We can schedule training to suit staff availability or the current focus of their programme. For example splitting the course over two or more weeks. We will discuss this approach with you and together work out a delivery plan to suit your needs.

Training Rooms

If you don't have availability for training rooms in your building or even if it's just difficult to book one, Tanner James has a training suite at our Canberra City office that we can arrange for your organisation to use for your course. Subject to availability we can offer your organisation the use of a training room for your course.

About MSP

Managing Successful Programmes (MSP) is a proven programme management solution. It provides you with a mechanism for managing the pace of your business change and for actively driving outcomes and benefits from that change.

MSP is very flexible and designed to be adapted to meet the needs of local circumstances, as well as being a de facto standard across the world.

About the Course

The MSP Practitioner Course is an intensive 2-day course combining revision sessions and MSP Practitioner exam practice sessions.

The course is designed to effectively prepare you to sit and pass the MSP Practitioner Exam

Tanner James ... Simple, practical programme and project management maturity

In-House
MSP® Practitioner

Who Should Attend?

This course is designed for programme management professionals who have already taken and passed their MSP Foundation Exam; and who require the internationally recognised MSP registered practitioner status.

Course Prerequisites

You must have passed the MSP Foundation Exam before attending the MSP Practitioner Course.

Course Objectives

- Understand the format of the MSP Practitioner exam.
- Understand and have experience in answering the different styles of questions used in a MSP practitioner exam.
- Know how to take a provided scenario and answer questions with regards to it.
- Know how to use the MSP manual effectively in an exam situation.

Access and Equity

Tanner James strives to provide the optimum access and equity for candidates to its training services. To this end, it is important that clients notify Tanner James as early as possible when a participant may need to take advantage of these provisions.

Exam

The course fee includes an opportunity to sit the MSP Practitioner Exam. The exam may be sat online and can be scheduled at a time where you feel best prepared. This allows you to focus your attention on learning without having the pressure of having to sit the exam.

Exam format:

- Objective testing
- 70 questions - each worth one mark
- 42 marks or more required to pass (out of 70 available) - 60%
- Two-and-a-half hours (150 minutes) duration, no additional reading time
- Open book exam (official MSP manual only).

What's included in the price

- MSP Practitioner Course and course materials
- MSP Practitioner Exam (fully flexible attendance)
- Workplace Implementation Pack (includes Phone support and checklist)
