Why use Tanner James for your PRINCE2 Agile Foundation Training?

Because Tanner James offers a PRINCE2 Agile Foundation Course that is focused on practical application in the workplace and flexibility.

Implementation Support and practical application in the workplace

We don't want you to just leave with a PRINCE2 Agile Foundation qualification; we want to give you understanding and knowledge about practical application of PRINCE2 Agile in your workplace.

This is why our PRINCE2 Agile Foundation Course includes a Workplace Implementation Pack. It is focused on helping you implement your training when you get back to the workplace. The Workplace Implementation Pack consists of:

- **A free half-day Implementation Workshop** (post-course) to help answer your specific questions about implementation in the workplace.
- **Free telephone support** from your trainer for up to one hour in the month following the course.
- **A free implementation checklist** so that you are well placed to hit the ground running when you get back to work.

The total **value of this pack is $615**, however we package this in your course price at no extra cost!

Flexible Exams and Course Attendance

We offer "Flexible Exams" as standard on our PRINCE2 Agile Foundation courses. This means, you can decide to schedule your exam at a time you feel prepared. We want you to concentrate on learning and not focusing your time around making sure you pass the exam.

You don't have to attend PRINCE2 Agile Foundation and Practitioner courses in a single week. You can book them for separate months and still enjoy our package discount.

You receive over $3,400 of training value

PRINCE2 AGILE®
ACCREDITED TRAINING ORGANIZATION
PeopleCert ON BEHALF OF **AXELOS**

About PRINCE2 Agile

PRINCE2 Agile® is the world's most complete agile project management method, combining the benefits of agile ways of working with the governance and structure of the PRINCE2® project management method. At launch in 2015 it was an extension module tailored for organizations and individuals already benefiting from PRINCE2, providing further guidance on how to apply Agile techniques, tools and frameworks to their projects.

It was initially supported by a PRINCE2 Agile manual and PRINCE2 Agile Practitioner level exam and formal certification. AXELOS has now announced the PRINCE2 Agile Foundation certificate for everyone who would benefit from guidance on delivering, managing or working within Agile projects and project teams.

About the Course

This three day Foundation course will provide you with a sound understanding of the key concepts relating to PRINCE2 and PRINCE2 Agile. It will prepare you to be able to work effectively with, or as a member of, a project management team working within an Agile environment who are seeking more structure and governance to current delivery work. It will also prepare you to sit your PRINCE2 Agile Foundation Exam.
