Why use Tanner James for your Public PRINCE2 Practitioner Training?

Because Tanner James offers a PRINCE2 Practitioner Course that is flexible and provides post-course support for practical application in the workplace.

Implementation Support and practical application in the workplace

We don't want you to just leave with a PRINCE2 Practitioner qualification; we want to help you be able to apply PRINCE2 in your workplace.

This is why our PRINCE2 Practitioner course includes a Workplace Implementation Pack. It is focused on helping you implement PRINCE2 when you get back to the workplace. The Workplace Implementation Pack consists of:

-  Free telephone support from your trainer for up to one hour in the month following the course.
-  A free implementation checklist so that you are well placed to hit the ground running when you get back to work.

Flexible Exams and Course Attendance

We offer "Flexible Exams" as standard on our PRINCE2 Practitioner courses. This means, you can decide to schedule your exam at a time you feel prepared. We want you to concentrate on learning and not focusing your time around making sure you pass the exam.

You don't have to attend PRINCE2 Foundation and Practitioner courses in a single week. You can book them for separate months and still enjoy our package discount.
